

WE'D LIKE TO THINK THE CORPORATIONS AND LAWMAKERS
THAT ARE SUPPOSED TO KEEP OUR FOOD SAFE HAVE OUR BEST
INTERESTS IN MIND...

BUT THE REALITY IS, THERE IS MUCH THEY'D PREFER
HIDDEN FROM VIEW.

LUCKILY, THERE ARE EYES AND EARS
ALONG THE WAY THAT CARE.

THOSE WHO SPEAK
OUT AND TELL US
THE TRUTH!

EVEN WHEN THREATENED AND INTIMIDATED.

FOOD INTEGRITY
CAMPAIGN

The mission of the **Food Integrity Campaign**—a program of the Government Accountability Project (GAP)—is to enhance overall food integrity by protecting the rights of employees in the food industry and government who speak out against unsafe, unhealthy and inhumane practices.

The **Government Accountability Project (GAP)**, the nation's leading whistleblower protection and advocacy organization since 1977, provides confidential expert legal advice and counseling to workers who expose wrongdoing on the job. We offer independent and objective information—and we'll protect your privacy.

FOOD INTEGRITY
CAMPAIGN

Protecting Food.
Empowering Whistleblowers.

IT USED TO BE
EASY TO TELL IF
YOUR FOOD HAD
INTEGRITY...

...BUT WE'VE BECOME *DISCONNECTED*
FROM THE SOURCE OF OUR FOOD.

SO HOW DO WE KEEP THE
SYSTEM HONEST...

...WHEN THERE IS SO MUCH
THAT WE CAN'T SEE?

IT TAKES A COMMUNITY OF WHISTLEBLOWERS, TRUTH-TELLERS, AND ADVOCATES TO SAFEGUARD OUR FOOD. THE FOOD INTEGRITY CAMPAIGN SUPPORTS THAT COMMUNITY.

What We Do

Litigation

The Food Integrity Campaign is unique because it offers free and reduced cost legal services to whistleblower plaintiffs. Fighting government and industry giants alone can be a daunting task. We help individual truth-tellers alter the relationship of power between the food industry and consumers.

Advocacy

There are now new and improved legal protections for whistleblowers. But the laws that protect food integrity and whistleblowers cannot exist without effective legislative advocacy. The Food Integrity Campaign's legislative agenda includes state and local causes as well as regulatory reform.

Outreach

Outreach is essential to educating consumers and informing whistleblowers. Many would-be whistleblowers remain silent because they are not aware of their rights and the resources available to them. We take a proactive approach to reaching out and providing resources to those interested in food integrity.

Communications

Corrupt organizations are willing to go to extreme lengths to keep the public from knowing their secrets. An unwitting whistleblower can quickly find themselves the victim of a brutal smear campaign. We use communications and media to ensure truth-tellers get a voice and that their important messages reach the public, who in turn, can activate change.

Food Integrity Campaign Issue Areas

ANIMAL WELFARE

More people want to know how farmed animals are raised and treated. Whistleblowers offer unique insights into the welfare of animals raised for food.

ENVIRONMENT

Advances in agriculture often come with significant risks to the environment. The Campaign supports public and private sector workers who wish to make disclosures about these risks.

FOOD SAFETY

Whistleblowers are often the first line of defense when it comes to keeping our food safe and stopping harmful contamination from reaching our dinner plates.

TRANSPARENCY

The Campaign works to hold companies and the agencies that oversee them accountable for actions that affect the public.

WORKER RIGHTS

Whistleblowers expose harsh conditions that threaten worker health and safety.
